

Timeshare Associations

When a timeshare is purchased from the County of El Dorado's public auction tax sale, the winning bidder has the right to use that particular unit within the timeshare association for a specified interval of time on an annual, bi-annual, or seasonal basis, depending on the terms outlined in the legal description provided that any and all timeshare owner association requirements are met.

It is the tax defaulted timeshare interval that is being offered for sale, **not the entire building nor Timeshare Association.**

The County of El Dorado only list ownership intervals that have been tax-defaulted for at least five years at El Dorado County Treasurer-Tax Collector's department. The timeshare intervals for sale are in the community of South Lake Tahoe.
